Citywide Cleanup and Tire Recycling Events on October 6

(Longview, TX) The City of Longview and Keep Longview Beautiful will host the Citywide Cleanup and Tire Recycling on Saturday, October 6, 2012. The purpose of the events is to encourage residents to beautify the Longview community by removing litter and eliminating junk tires.

According to Community Relations Coordinator Mary Jane Burnett, “We really encourage residents to join us as we volunteer to beautify the community on October 6. We hold the Citywide Cleanup twice a year, but we are glad to have people volunteer anytime throughout the year.”

Citywide Cleanup volunteers are encouraged to clean the street or park of their choice. Volunteers can register, receive supplies, and enjoy refreshments at the event kickoff, which will be held from 8:00 – 9:30 a.m. at the Longview Public Library, 222 W. Cotton St.

Tire Recycling will be held from 8:00 a.m. – Noon, across from the Longview Public Library, 222 W. Cotton St. Tire Recycling is limited to Longview residents and non-commercial users only. No rims will be accepted. To participate in tire recycling, please bring proof of Longview residency.

To volunteer, contact the City of Longview Volunteer Center at 903-237-1390. For more information about these or other events, visit LongviewTexas.gov [2].

The Citywide Cleanup is NOT in conjunction with extra trash pick-up days or bulky item pick-up. The Sanitation Department offers bulky item pick-up throughout the year. To schedule a bulky item pick-up, call 903-237-1250.
